# CRUSE SOFA

**The embodiment of aesthetics and comfort in one piece — the “Cruse” sofa.**

Cruse is the result of the meticulous work of Ukrainian craftsmen, who paid special attention to every detail. Soft contours, spacious seating, and contemporary design — this is what defines the latest addition from the FRANKOF upholstered furniture factory.

The armrest impresses with its functionality: it includes a spacious tabletop and two poufs cleverly hidden inside. The surface easily accommodates a laptop, work notes, or even your morning breakfast.
